WORK EXPERIENCE

FilSafe Enterprise

Frontend Developer January – April 2026

- Led the design and layout of the company website using Angular and JavaScript, delivering a responsive, user-friendly interface.
- Managed website content updates and implemented on-page SEO strategies to improve search visibility and organic reach.
- Collaborated with the marketing team to align web design with brand guidelines and campaign objectives.

Popongs Anayadi Samgyup

Project Manager September – December 2025

- Led a team to design and deploy a web-based table reservation system, improving booking efficiency for the restaurant.
- Oversaw the full UI/UX design process for both client-facing and admin interfaces, ensuring intuitive navigation and accessibility.
- Facilitated weekly sprint reviews and delegated tasks across team members to meet project deadlines.

PROJECTS

DoMore — Web Application Planner

- Designed and developed a productivity web app integrating a Pomodoro timer with task management and file documentation features.
- Built a RESTful API backend with Node.js/Express and a MongoDB database to persist user tasks and session data.
